Hello Peter,

Please upload the 25 emails attached to this message to the FOIA Online response to the FOIA request from Davis Graham & Stubbs related to Leviathan Mine. This is in addition to the emails found through the eDiscovery Team search ED_001578A (Revised - Leviathan: Davis Graham & Stubbs Request for EPA Communications with River Ranch Property).

I am sending you one more email to upload – with many pdf attachments.

Thanks,
Josh

Subject: FOIA: Partial Response

Hello Mave,

A full response to your FOIA Request of Dec. 20, 2017 will take at least another week. However, as I understand you are facing litigation deadlines, I am providing a partial response today. Please see the attached emails. I will try to send all of this in a single message, except at least one message with many attachments, which I will send separately.

You requested communications between EPA Region 9 and the Diamond X Ranch and its attorneys and consultants from January 1, 2016 to the present. I am now sending emails sent between Noah Perch-Ahern and myself in that timeframe. I have tried to be complete, without including copies.

I suspect this will be the majority of responsive messages, but I won't know until I see the collection EPA's Discovery Service Team will provide next week.

Regards,
Josh
